Summary and main purpose

The Duke of Edinburgh's Award (DofE) is a UK charity that makes a difference to young people's lives and prepares them for life and work. Over 300,000 young people per year from every possible background take part in the DofE programme to broaden their horizons, develop their leadership skills, learn to work with others, volunteer in their local communities, increase their employability, and prove to themselves they can succeed at a serious challenge.

The role of the DofE Expedition Supervisor is a crucial one, both in ensuring the safety of the participants whilst on an expedition and in maintaining the standards of the DofE. All expeditions, including practice expeditions, must be supervised by a suitably experienced adult who is competent in the chosen mode of travel and who will be based in the area where the expedition takes place. Supervisors accept responsibility for the safety and welfare of the team on behalf of the Licensed Organisation/Approved Activity Provider. Additionally, Supervisors should be familiar with the team, their individual strengths and weaknesses and their knowledge of the chosen route.

The Supervisor may also be the DofE Leader. It is up to the Licensed Organisation or AAP to decide how many young people, split into expedition teams, a Supervisor is responsible for. Where there are multiple teams, there are often multiple Supervisors, each with designated young people / teams they are responsible for.

The key tasks of the role are to:

- KT 1 Be the focal point for communication before, during and after the expedition, keeping everyone informed.
- KT 2 Have the legal responsibility for the safety and welfare of young people on their practice and qualifying expeditions.
- KT 3 Check all training and practice expeditions have been completed and evidenced in eDofE and that the Assessor has also provided evidence of the completion of the qualifying expedition.
- KT 4 Ensure that all appropriate expedition approvals have been received.
- KT 5 Ensure that the teams are properly equipped to do their expedition.
- KT 6 Ensure that the team's expedition will meet the 20 conditions of the section.
- KT 7 Be responsible for the supervision plan and for co-ordinating other expedition support staff (where appropriate).
- KT 8 Carry out a risk assessment of the route and the expedition.

Other considerations

DofE Expedition Supervisors must undertake or provide evidence of training and/or experience appropriate to the requirements of the Licensed Organisation/AAP.

DofE Expedition Supervisors must also undertake the e-induction course and are advised to attend the DofE Expedition Supervisors Training Course. For Bronze level expeditions, the Supervisor may also act as an Assessor if they are accredited by the DofE.
