

## Invite for parents to take part in research

Dear parents

As you know, many of our students do their DofE and our **school / centre** has been invited to help with some research about it. The project is trying to determine **what young people with special needs and disabilities gain from doing their DofE.**

As part of this, we would be grateful if you could spare **a couple of minutes to complete** a short survey for parents of students with special needs and disabilities who have done their DofE. Your feedback is invaluable and will be greatly appreciated.

The survey is being conducted by Chrysalis Research, an independent research company, on behalf of the DofE. The survey is **anonymous and completely confidential.**

Thank you very much in advance!
