## Expedition Assessor and Supervisor Training Course – knowledge check

The EASTC knowledge check is designed to reflect the key qualities of effective Expedition Assessors and is underpinned by four competencies.

It is also intended to help participants identify any gaps in their knowledge to follow-up with as part of ongoing learning.

### Expedition Assessor competency indicators:

1. Be able to demonstrate their understanding of the DofE's guiding principles through their behaviour and language, to ensure the participants meet the benefits and outcomes of the Expedition section.
2. Be able to implement their knowledge of the Expedition section rules and ethos in a way that ensures the quality and reputation of the DofE is maintained.
3. Be able to collaborate with others to ensure teams enjoy a smooth-running and successful expedition.
4. Be able to demonstrate a flexible approach when interpreting the expedition section rules, and when dealing with the broad range of participants and their Leaders involved in the DofE, to ensure quality is maintained and that the DofE Award is achievable by all
