

TRAINING

EAAS e-learning modules: learning outcomes

The two EAAS e-learning modules are available from www.DofEtraining.org.

EAAS Pre-course e-learning:

Module aim:

This module will prepare you to attend a face-to-face Expedition Assessor Accreditation Scheme (EAAS) course.

Objectives:

The EAAS e-learning module will enable you to:

- State the aim and principles of the Expedition section;
- Describe the role of the Expedition Assessor;
- Describe the Assessor's responsibilities in delivering the Expedition section;
- List the five stages of the expedition process;
- List the key stages of the assessment process;
- State the aim and objectives of the EAAS;
- List the four principle stages of Accreditation;
- State the levels of Assessor Accreditation;
- List the different types of learning in the EAAS;
- Recognise how the Assessor can positively influence the experience of young people on their expedition.

Gold Assessor e-learning:

Module aim:

This module describes how plans for expeditions in wild country are submitted and checked in order to make sure that they meet the DofE's 20 conditions for the Expedition section.

Objectives:

The Gold Assessor e-learning module will enable you to:

- Explain the role and structure of the DofE's Assessor Networks;
- Explain the notification procedures and timescales for Gold level expeditions and Bronze and Silver expeditions in wild country;
- Check Green Forms to ensure that the 20 conditions of the Expedition section have been met.
