

# Route to accreditation

The following is the 'route to accreditation' for those wishing to become an accredited Expedition Assessor

# Next steps

|  |   |
|--|---|
| <b>Didn't complete the route to accreditation within two years of attending the EASTC?</b>   | <b>Reaccreditation</b>  |
| <p>Book onto the next EASTC using the DofE opportunity finder and refresh your training to ensure you enter the role with the most up-to-date information. On this additional completion of the EASTC you will be given access to complete the steps for the route to accreditation for a further two years.</p> | <p>Accreditation normally lasts for five years. Assessors wishing to continue in the role will be notified by email six months before their accreditation is due to expire.</p> <p>The DofE would normally expect an Assessor to have completed two or more assessments in each of the preceding five years and should have assessed at least once during the previous 12 months unless there are mitigating circumstances for them being unable to do so e.g. pregnancy, short term ill health or injury, or the LO they assess for didn't have an expedition the previous season.</p> <p>Assessors must complete the Reaccreditation screen within eDofE in order to be reaccredited for a further five years and they need to be reapproved by the Licensed Organisation/Approved Activity Provider they assess for.</p> |
| <b>New role</b>  | <b>Retirement</b>   |
| <p>Assessors may decide to take on a new role (e.g. as Supervisor). LO/AAPs should help them find a new challenge and the LO/AAP's DofE Manager can end a registration with an Assessor via their LO eDofE account.</p>  | <p>Assessors may decide (in consultation with their LO/AAP) to retire from their involvement with the DofE. LO/AAPs should recognise their involvement and amend their relationship with the Assessor via their LO eDofE account.</p>   |
