£605,600
in sectional equipment

£74,310
in adult training

£77,883
in Licence Fee contributions

£40,132
in LO delivery support

Hear from some Licensed Organisations about the impact of grant funding and the DofE Awards:

"We have been so grateful to receive funding and it has made a massive difference to us. We don't have to worry about young people missing out on doing their DofE Award due to financial pressures, and it truly has made DofE accessible to all." **DofE Manager, Corley Academy**

"It has helped create opportunities for students from diverse backgrounds, allowing more to join the DofE initiative and for us to provide the right tools for them to do so. We've seen notable improvements in their confidence, teamwork, skills, behaviour, and wellbeing. DofE has given them access to opportunities they might not have had before. It's inspiring to watch them progress, thrive, and flourish." **DofE Manager, Tudor Grange Academy Solihull**

"For me personally, Duke of Edinburgh is invaluable in what it can provide for the learners. Not only can the learners learn the importance of volunteering and try a new skill, but they are also able to have a safe space within education to form professional relationships with teachers and learn to communicate with their peers. I have only seen positive development from individuals through DofE." **DofE Leader, HMP Pentonville**
